Vincennes University
Vincennes, Indiana

DEDICATION

DAVID E. PHILLIPPE, Ph.D.

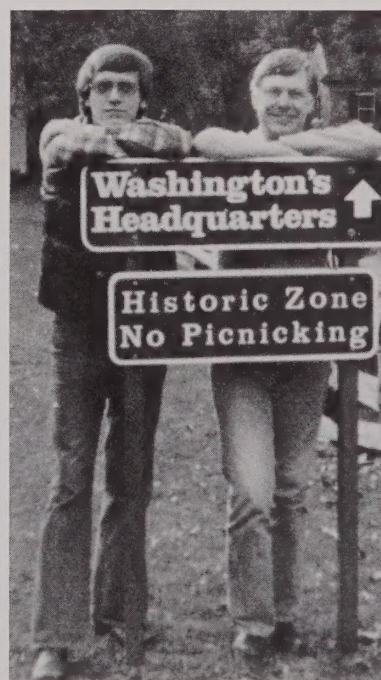

1946 - 1986

Dr. David E. Phillippe, Vincennes University's Director of Financial Aid, died July 12, 1986, of leukemia. He was born July 15, 1946, in Vincennes, the son of Carlos and June Preston Phillippe, and is survived by a wife Carol and two children, Darcie and David. He earned Bachelor, Master, and Doctor of Philosophy degrees from Indiana State. He came to VU in 1970, and served at various periods as Dean of Students and Director of Financial Aid.

Dave was truly a man for all seasons. The best and the brightest, a good husband, father, and friend. A man of great intelligence with the ability to think in a concise, analytical manner. He was a problem solver with few peers, and countless students and friends benefited from his deep understanding of human nature.

No man dies as long as there is one person left in the living world who remembers him with fond recall, and shares a thought of him. Dave will always be with those who knew and loved him. He will be universally missed.

A MESSAGE FROM THE PRESIDENT

Dear Students:

Vincennes University is an institution which has great "quality." The student life and campus activities reflect the goal of providing quality education in the classroom and in campus events. The participation of students, faculty, staff, and administration makes that possible.

In this publication is a summary of the 1986-1987 academic year activities. Students learn much by participating in clubs, organizations, and campus events. The yearbook staff has endeavored to capture in this book the spirit and essence of what makes Vincennes University an interesting place to pursue academic and career goals.

I hope students enjoy the memories which come from the pictures of the 1986-1987 year. May it remind us all of our contribution to the success of the University fulfilling its mission. The University's motto as found on the official seal is "Learn in Order to Serve." Having student leadership opportunities, participating in campus events, and achieving educational goals allow students to develop their potential to the fullest.

I wish everyone the very best, and hope you enjoy seeing and reading about the "quality" events at Vincennes University.

Sincerely,

Phillip M. Summers

Activities

REGISTRATION

The use of computers has made registration easier than in past years. The computers, in their second year of use, have helped the Student Services Department to get students in and out of registration in a shorter time period. Freshmen may never know the joy of standing in long lines waiting for classes.

INTERNATIONAL STUDENTS

During the Fall semester, the International Students held a picnic to meet their Host Families. Vincennes has a very warm community which welcomes these students with open arms. The students have several activities during the year, one of which is their nationality nights, where the students treat their Host Families to foods and entertainment from their culture. The Host Families' purpose is to support their student in what they do while at Vincennes University.

ICE CREAM SOCIAL/ACTIVITIES FAIR

Butter pecan or vanilla? Ice cream, music, prizes, smiles, handshakes, and Jell-O slides welcome new students to the social organizations of Vincennes University. The Student Activities Office, together with the Greek and social organizations, sponsored the annual ice cream and activities fair. Students could gather information on the ropes of social life at VU.

BLOODMOBILE

Giving a little of yourself can be taken in a literal sense when it comes to giving blood. VU students get the chance to help out at the various Red Cross Bloodmobile visits during the school year.

Vincennes University consistently has the highest number of blood donors per visit in the area.

Six hundred ten excited Trailblazers filled the Wabash River at Kimmell Park to begin the 1986-87 year with the annual Tube Race. Teams consisting of five men and five women participated in one of the biggest races recorded at VU. The race ended at the Memorial Bridge, and winners were announced at the Victory Dance in Green Auditorium.

Chubby Checker not only performed his own music from the 50's, but also introduced some new music to be coming out on his latest album. He also performed music by other artists of that decade.

By the middle of the concert, Chubby Checker had students, parents, and faculty dancing down in front of the stage. A few of the students were pulled from the dancing area to the stage where they danced "the Twist" with Chubby Checker. Of all the people who joined Chubby on stage, the "Best Twister" award went to none other than the President of the University, Dr. Summers.

STUDENT VOLUNTEER SERVICES PROGRAM

Vincennes University was the recipient of a new grant from ACTION-VISTA under the title "Student Volunteer Services Program." The purpose of the grant is to coordinate the efforts of student volunteers who will assist in the work of non-profit agencies throughout Knox County. VU's students benefit from the program in many ways. It provides them with a rewarding and worthwhile activity, and at the same time helps them identify their areas of interest and improve their qualifications in the job market.

A picnic was held at the end of the year to award the students for their achievements and participation in the program.

MOMS' WEEKEND VARIETY SHOW

Students, parents, and staff were entertained with a variety of talent to begin Moms' Weekend. M.C. CASINO ROYALE

The annual Casino Royale, sponsored by the Student Union Board, was held at Green Auditorium in February. Play money provided by the Student Activities Office gave the students a chance to gamble, and the faculty and staff a chance to wheel and deal.

CHARLES SHAUGHNESSY CONVO

Fans of daytime soap operas were delighted at the VU March Convo, with Charles Shaughnessy, who portrays "Shane Donovan" on NBC's "Days of Our Lives." Mr. Shaughnessy, one of the top-rated male actors in daytime soaps, answered questions at the press conference, as well as at the convo. He spoke of his "pet" project — "Beyond War," a program to promote the understanding of nuclear war and how devastating it can be. Mr. Shaughnessy signed autographs, with his picture, after the convo.

DEDICATION

On November 16, 1986, VU rededicated the Shake Learning Resources Center and dedicated the "College Walk" in front of the Center. During the summer, 23 students laid 80,000 bricks to complete the "College Walk," which extends from Harrison Street to Indianapolis Avenue and incorporates College Park, an area donated by the Class of '84, located near Shircliff Humanities Center. The Library was dedicated in 1960 and named for Curtis G. Shake. In 1967, additional housing for historical documents and papers important to early American history was built and dedicated to Byron R. Lewis. In 1985, a computer classroom and laboratory was added. Bookstack space was doubled, and study tables and carrels were added. Other new features included three meeting rooms, offices, microfilm reader-printers, a new circulation-control desk, and an area for bibliographical retrieval.

FLOAT EARNS GOVERNOR'S TROPHY

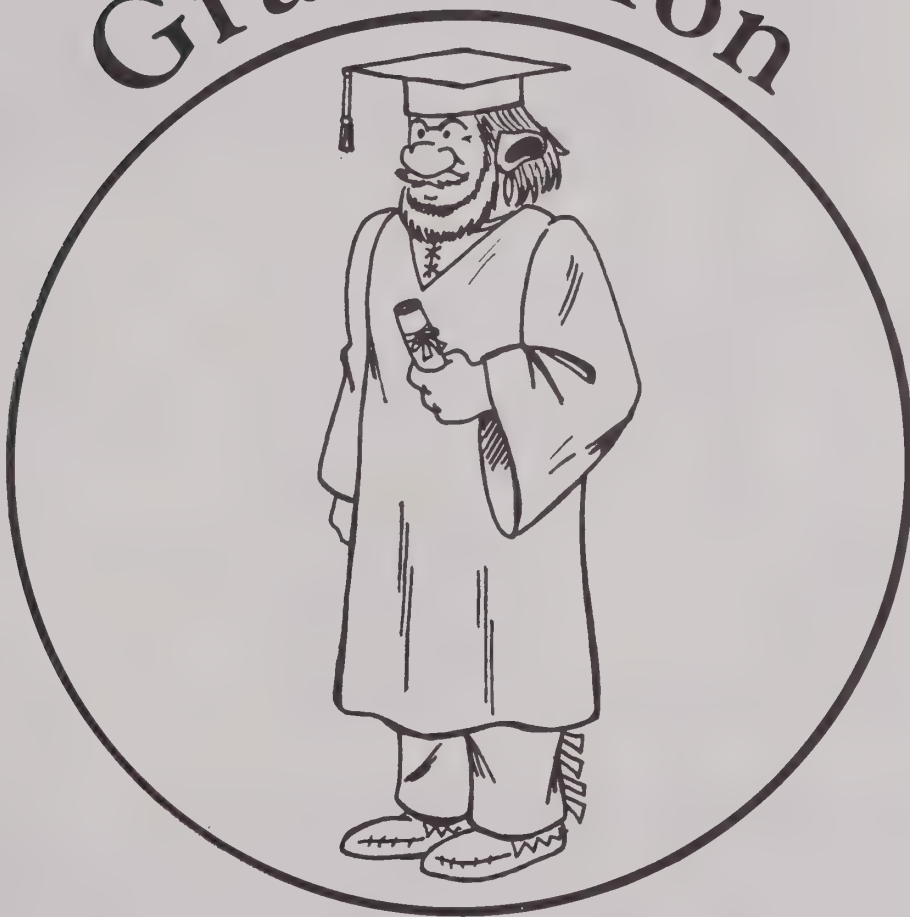

VU's winning 500 Festival Parade Float, "Esperito de la Amistad" which means "In the Spirit of Friendship" in Spanish, is shown before going to the 500 Parade. The float was entered in the 500 Festival Parade May 23 and judged on animation, detail, and the theme, "Fiesta 500, In the Spirit of the Pan-American Games." It was the winner of the Governor's Trophy.

The float design was drawn by the University's commercial art students and finished by the Art Department. All aspects of construction were under the supervision of the Technology Division in cooperation with the school's faculty and student body.

A campus-wide contest to name the float yielded the title "The Spirit of Friendship, "El Espirito de la Amistad." David Auxier, freshman from Muncie, Ind., received tickets to the 500 Race for his entry.
